To Whom It May Concern:

Todd Florentino is the chair of the massage department where I am employed as a teacher. I am impressed with his personality as well as his professionalism. I have observed him to be a compassionate and ethical individual, devoted to his wife and young son, and conscientious about his teaching and departmental duties. He is easy to approach, open to new ways or creative approaches to solving problems, and I think he is very intelligent and well-spoken. Also he is well liked by everyone who knows him, including his students. I have seen him manage difficult students only in a gentle, patient, and good-humored manner. I have also heard him speak to the students in one of my classes when I was amazed at the wisdom he portrayed. I am truly grateful to work with someone like Todd and I support without any reservation his receiving a MA State License to practice therapeutic massage.

Please feel free to contact me with any questions.

Sincerely,

Danica K. Wolkiser, L.M.T.
